Created: January 22, 2019

Healthy eating is more than the foods you eat. It is also about where, when, why and how you eat.

- [Be mindful of your eating habits](#)
 - [Take time to eat](#)
 - [Notice when you are hungry and when you are full](#)
- [Cook more often](#)
 - [Plan what you eat](#)
 - [Involve others in planning and preparing meals](#)
- [Enjoy your food](#)
 - [Culture and food traditions can be a part of healthy eating](#)
- [Eat meals with others](#)

Make it a habit to eat a variety of healthy foods each day.

- Eat plenty of vegetables and fruits, whole grains and protein foods.
Choose protein foods that come from plants more often.
 - Eat vegetables and fruits
 - Eat whole grain foods
 - Eat protein foods
 - Choose foods with healthy fats instead of saturated fat
- Limit highly processed foods. If you choose these foods, eat them less often and in small amounts.
 - Prepare meals and snacks using ingredients that have little to no added sodium, sugars or saturated fat
 - Choose healthier menu options when eating out
- Make water your drink of choice
 - Replace sugary drinks with water
- Use food labels
- Be aware that food marketing can influence your choices
